**CENTER FOR MEDICARE**

---

**DATE:** October 25, 2021  
**TO:** All Part D Plan Sponsors  
**FROM:** Jennifer R. Shapiro, Director, Medicare Plan Payment Group  
**SUBJECT:** 2022 Resource and Cost-Sharing Limits for Low-Income Subsidy (LIS)

The Centers for Medicare & Medicaid Services (CMS) is releasing guidance on the updated resource limits for individuals who apply and qualify for the low-income subsidy (LIS). As described at 42 CFR 423.772, resources include bank accounts, stocks, bonds, and other liquid resources that can be readily converted to cash within 20 days, as well as real estate that is not the beneficiary's primary residence.

CMS is also providing the maximum copayments that LIS-eligible beneficiaries, including full-benefit dual eligible and partial dual eligible individuals, will pay as enrollees of Medicare prescription drug plans in 2022. Please note that the LIS copayment figures were announced in the January 15, 2021 guidance entitled, "Announcement of Calendar Year (CY) 2022 Medicare Advantage (MA) Capitation Rates and Part C and Part D Payment Policies."

The 2022 resource limits are \$8,400 (\$12,600 if married) for the full low-income subsidy and \$14,010 (\$27,950 if married) for the partial low-income subsidies. If beneficiaries notified the Social Security Administration (SSA) that they expect to use some of their resources for burial expenses, pursuant to 20 CFR § 416.1231, the 2022 resource limits are \$9,900 (\$15,600 if married) for the full low-income subsidy and \$15,510 (\$30,950 if married) for the partial low-income subsidies. Please see the attached notice for more information regarding the methodology that CMS used to update the low-income subsidy resource limits and cost-sharing amounts for 2022.

CMS is also required to update income standards for the low-income subsidies each year and will release the 2022 income standards for the low-income subsidies in early 2022, after the 2022 Federal poverty levels (FPL) are released.

Further Information

Please submit any questions regarding this guidance to [PartDPaymentPolicy@cms.hhs.gov](mailto:PartDPaymentPolicy@cms.hhs.gov).  
Thank you.

## **Resource Limits for the Medicare Part D Low-Income Subsidy: Annual Adjustment for 2022**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) directs CMS to update the resource limits for the low-income subsidy each year. As described at 42 CFR 423.772, resources include bank accounts, stocks, bonds, and other liquid resources that can be readily converted to cash within 20 days, as well as real estate that is not the beneficiary's primary residence. This notice provides: (i) the calculation methodology for updating the low-income subsidy resource limits, (ii) the low-income subsidy resource limits in 2022, and (iii) the cost-sharing amounts for low-income subsidy eligible beneficiaries in 2022.

### **I. Calculation Methodology for Updating the Low-Income Subsidy Resource Limits**

Section 1860D-14(a)(3) of the Social Security Act (the Act) requires CMS to use the annual percentage increase in the Consumer Price Index (CPI), All Urban Consumers (all items, U.S. city average) as of September of the previous year to update the resource limits for the low-income subsidy. CMS used the September 2020 and the September 2021 CPI values from the Bureau of Labor Statistics to calculate the annual percentage increase. The annual percentage increase in the CPI for contract year 2022 is calculated as follows:

$$\frac{\text{September 2021 CPI}}{\text{September 2020 CPI}} \text{ or } \frac{274.310}{260.280} = 1.054$$

(Source: Bureau of Labor Statistics, Department of Labor)

The 2022 adjustment factor for the low-income subsidy resource limits is 5.39%. Per the statute, the resource limits are increased by 5.39% for 2022 and rounded to the nearest multiple of \$10.

### **II. Resource Limits Used to Determine Eligibility for the Low-Income Subsidy**

Per the methodology outlined above, the resource limit that must not be exceeded for beneficiaries to qualify for the full low-income subsidy increases from the 2021 amount of \$7,970 (\$11,960 if married) to \$8,400 (\$12,600 if married) in 2022. The resource limit that must not be exceeded for beneficiaries to qualify for partial low-income subsidies increases from the 2021 amount of \$13,290 (\$26,520 if married) to \$14,010 (\$27,950 if married) in 2022.

If beneficiaries notified SSA that they expect to use some of their resources for burial expenses, the applicable 2022 resource limits are \$9,900 (\$15,600 if married) for the full low-income subsidy and \$15,510 (\$30,950 if married) for the partial low-income subsidies.

Please see the following table for the updated resource limits for determining eligibility for the low-income subsidy in 2022.

### Resource Limits for Determining LIS Eligibility

<b>LIS Level<sup>1</sup></b>	<b>Marital Status</b>	<b>2021 LIS Resource Limit</b>	<b>2021 LIS Resource Limit with Burial Expenses</b>	<b>2022 LIS Resource Limit</b>	<b>2022 LIS Resource Limit with Burial Expenses</b>
Full Subsidy	Single	\$7,970	\$9,470	\$8,400	\$9,900
Full Subsidy	Married	\$11,960	\$14,960	\$12,600	\$15,600
Partial LIS	Single	\$13,290	\$14,790	\$14,010	\$15,510
Partial LIS	Married	\$26,520	\$29,520	\$27,950	\$30,950

### III. Low-Income Subsidy Eligible Beneficiary Cost-Sharing

As required under section 1860D-14 of the Act, the maximum copayments below the out-of-pocket threshold low-income full subsidy eligible enrollees and the deductible and the maximum copayments above the out-of-pocket threshold for partial subsidy eligible enrollees are updated using the annual percentage increase in average expenditures for Part D drugs per eligible beneficiary. In addition, the maximum copayments below the out-of-pocket threshold for full-benefit dual eligible enrollees with incomes that do not exceed 100% of the FPL are updated by the annual percentage increase in the CPI, as required under section 1860D-14(a)(4).

For additional information on how the Part D benefit parameters are updated each year using the annual percentage increases in the average Part D drug expenditure amount and the CPI, please refer to the January 15, 2021 guidance entitled, “Announcement of Calendar Year (CY) 2022 Medicare Advantage (MA) Capitation Rates and Part C and Part D Payment Policies” available on the CMS website at <http://www.cms.gov/Medicare/Health-Plans/MedicareAdvtgSpecRateStats/Announcements-and-Documents.html>.

Please see the table below for the updated cost-sharing for low-income subsidy eligible beneficiaries in 2022.

<sup>1</sup> Per section 1860D-14(a)(3)(B) of the Act, in the case of an individual whose spouse dies during the effective period for a determination or redetermination, such effective period shall be extended through the date that is one year after the date on which the determination or redetermination would otherwise cease to be effective.

<sup>2</sup> The out-of-pocket threshold is \$7,050 for 2022.

### 2022 Maximum LIS Beneficiary Cost-Sharing Table

<b>Low-Income Subsidy Category</b>	<b>Deductible</b>	<b>Copayment up to Out-of-Pocket Threshold<sup>2</sup></b>	<b>Copayment above Out-of-Pocket Threshold<sup>2</sup></b>
Institutionalized Full-Benefit Dual Eligible; or Beneficiaries Receiving Home and Community-Based Services	\$0	\$0	\$0
Full-Benefit Dual Eligible $\leq$ 100% FPL	\$0	\$1.35 generic, \$4.00 brand	\$0
Full-Benefit Dual Eligible $>$ 100% FPL; or Medicare Saving Program Participant (QMB-only, SLMB-only, or QI); or Supplemental Security Income (but not Medicaid) Recipient; or Applicant $<$ 135% FPL with resources $\leq$ \$9,900 (\$15,600 if married) <sup>3</sup>	\$0	\$3.95 generic, \$9.85 brand	\$0
Applicant $<$ 150% FPL with resources between \$9,900 - \$15,510 (\$15,600 - \$30,950 if married) <sup>3</sup>	\$99	15%	\$3.95 generic, \$9.85 brand

<sup>2</sup> The out-of-pocket threshold is \$7,050 for 2022.

<sup>3</sup> The resource limits displayed include \$1,500 per person for burial expenses. For beneficiaries that did not notify SSA that they expect to use some of their resources for burial expenses, the applicable resource limit is \$9,900 (\$15,600 if married) for the full low-income subsidy and \$15,510 for the partial subsidy (\$30,950 if married).
