

SECTION 2003 - Reports with Multiple Vulnerable Adults in the Household

| | |
|---------------------------|---|
| SUMMARY STATEMENT: | In instances where a single household has more than one member meeting criteria for investigation, APS CI will set up a separate case for investigation for each individual alleged to be at risk and link these cases in the DAS Data System. |
| PROCEDURES | The CI Specialist will: <ul style="list-style-type: none">• Include in the DAS Data System intake and referral notes information about each household member(s) meeting criteria for investigation. This shall include the name, client ID and relationship of the household member to the client of record. The process will be repeated in each additional client record.• Alert the APS supervisors of the linked cases via the email notification. |
| REFERENCES | Refer to Section 2002 of this manual for report criteria |
